

PABCO

FLOOR COVERINGS

SECTION ONE

P A B C O L I N O L E U M

Although inlaid linoleum has been a household favorite for years in both bathroom and kitchen, there has been an increased trend toward its adaptation to other rooms in the home. Basic reason is the recognition of the floor as an integral part of the room decoration that deserves as much attention to design and color as the walls or furnishings.

Hence, in presenting the Spring 1937 Linoleum Line Pabco does so with a two-fold purpose. To furnish dealers with a standard line of patterns which **by themselves** will provide decorative floors suitable for any room. And again, a line which provides the decorator with a complete range of color and design effects which may be combined in border, field and motif into many beautiful, harmonious custom-designed floors.

SECTION TWO

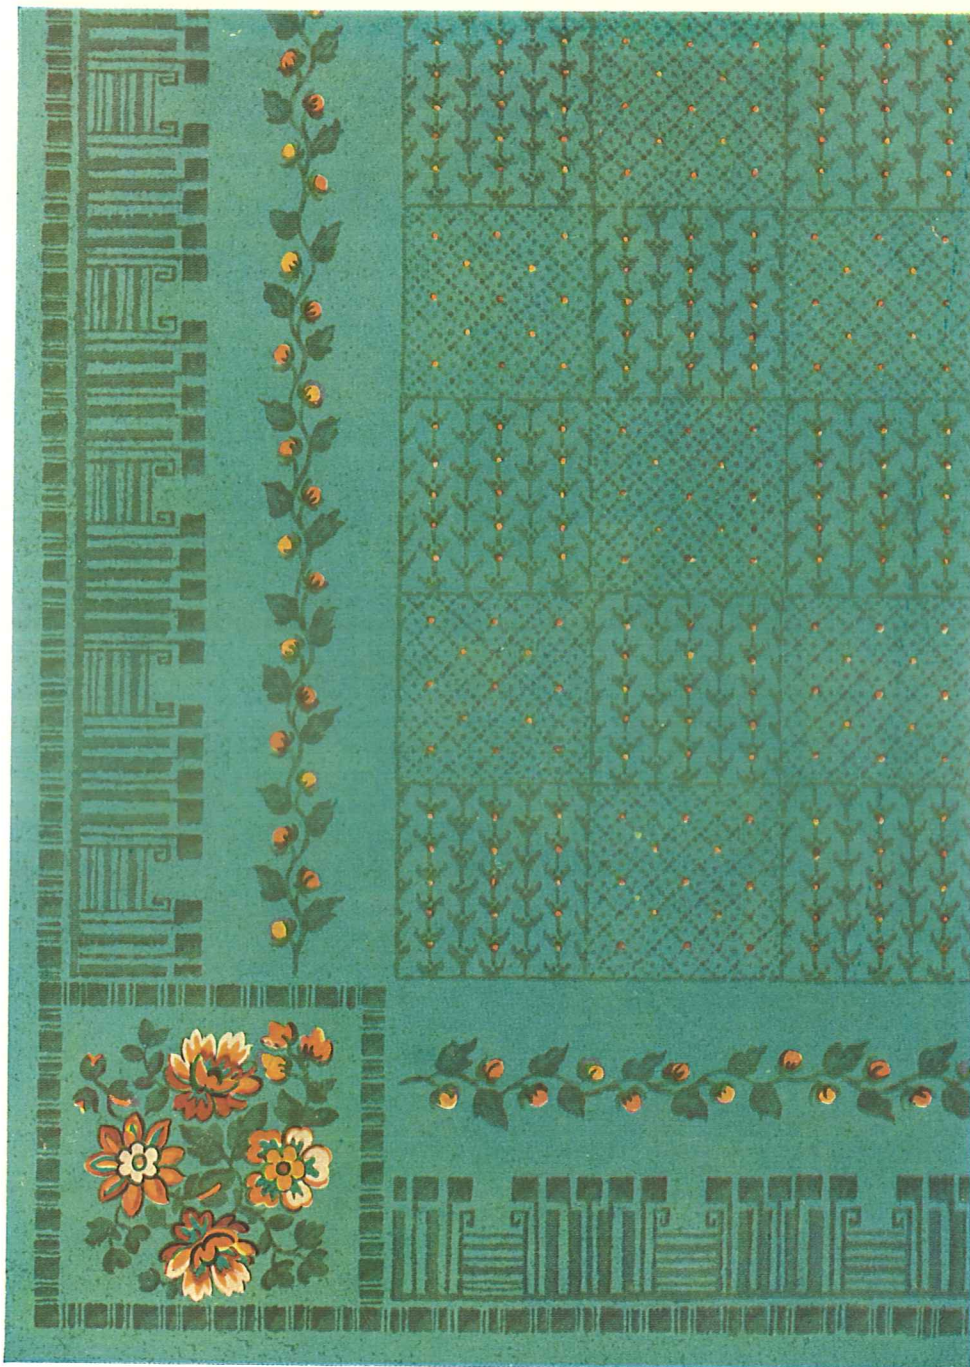

PABCO GUARANTY RUGS

To a decidedly style-conscious public Pabco presents not only a galaxy of new heavyweight rug patterns and colorations but authoritative evidence of the "reason-why" behind its style selections.

There is Lois Palmer, nationally known authority on interior decoration, consultant, author, lecturer, who will lend her influence through the medium of Pabco's national advertising. For the Spring season she has been engaged as exclusive guest style-consultant.

There are the Hollywood Rugs, so popular last Fall. So remarkably successful was this type of styling it will again be repeated this Spring.

Lastly, to back it all up is a superb piece of merchandise. Fabricated on a specially manufactured resilient felt base. Finished with two thick coats of pure baked enamel cured to a tough yet flexible, porcelain-smooth walking surface. Housewives find this finish exceptionally resistant to soaps and cleaning compounds; most easy to clean with a damp mop; resistant for years to even playroom wear.

TELEGRAPHIC CODE FOR FLOOR COVERING DEPARTMENT WIRES

NOTE: The code below will enable you to send longer messages with fewer words. Use it whenever you can on messages of more than ten words. Five code letters grouped together are equal to one word.

Code letter for word	Code letter for word	Code letter for word	Code letter for word
A One	H Eight	N Heavy Gauge	U Nine by Twelve
B Two	I Nine	O Medium Gauge	V Six by Nine
C Three	J Naught	P Standard Gauge	W Seven Six by Nine
D Four	K Hundred	Q Yards	X Nine by Nine
E Five	L Seconds	R Linoleum	Y Nine by Ten Half
F Six	M Three-Sixteenths Gauge	S Wire Reply	Z Nine by Fifteen
G Seven		T When Can You Ship

NOTE: For outsets add extra. Do not deduct for insets.

FACTORY WAXING

All Pabco Linoleums are machine-waxed before being crated. Through the use of special equipment a fine, even film of wax is spread over every inch of the merchandise and burnished and reburnished deeply into the linoleum pores. Thus, Pabco Linoleum is amply protected from accidental scratches during shipment and installation; has a thoroughly applied surfacing of wax to serve as a foundation for subsequent waxings.

CUSTOM-DESIGNED PABCO FLOORS

Although beautiful linoleum floors may be obtained through the straight laying of Pabco patterns, the elite of floors is that created by the combination of harmonizing patterns and colors in field, borders or special design motifs. The Pabco Bureau of Design is at the service of any architect, builder, decorator or buyer of Pabco Linoleum and will gladly submit its suggestions for such special floor treatments.

PABCO FLOOR-COVERING SUNDRIES

Pabco Linoleum Paste No. 114	Pabco-Lac No. 1688
Pabco Waterproofing Linoleum Cement No. 115	Pabco-Lac Thinner No. 1623
